Memorandum

TO : Director of Training
THRU : Chief, Operations School, OTR

DATE: 6 June 1962

FROM : Chief, Training Assistance Staff, Operations School

SUBJECT: Weekly Activity Report #22
31 May - 6 June 1962

A. SIGNIFICANT ITEMS:

None to report.

B. OTHER ITEMS:

1. EXHIBIT FOR DCI:

25X1A9a

We have been working with [REDACTED] on the setting up of OTR's part of the "Static (unfortunate phraseology in our business) Exhibit" which the DCI has directed be set up. [REDACTED] has carried the ball for us on determining whether controlled (NOFORN) material can go in. He took the matter up with Mr. Kirkpatrick, and has just informed us that by decree of the DDCI material can be placed in the exhibit with the assumption that no foreigner will see it unless there is a timely warning to permit the withdrawal of NOFORN items.

2. SPANISH REPORTING GUIDE:

25X1A9a

[REDACTED] informed us that he does not have the native Spanish competence to review the Guide in depth.

25X1A9a

We have turned to [REDACTED] who will have someone in his shop look over the draft to see whether their work-load will permit a thorough review. We are also grateful to [REDACTED] for furnishing us a general bibliography on Latin America in response to a request from CA/ [REDACTED]

3. [REDACTED] FINGER MOVEMENT:

25X1A9a

Some time ago, [REDACTED] of WE/ [REDACTED] 25X1A8b asked us for advice on how to get in touch with an [REDACTED] friend who was a student at Fort Bragg. We referred him to [REDACTED]. The [REDACTED] invasion seems to be a 25X1A saturation operation, as Chris called this past week to

ask the same question as to Fort Holabird. At [REDACTED] suggestion we advised him to call Colonel Hanson and identify himself as a colleague of [REDACTED]

4. WHAT'S A CLANDESTINE OPERATION?

25X1A9a

Mr. [REDACTED] of FI/D, visited on Tuesday to see what we had in the way of definitions of "Clandestine Operations." It seems that the DD/P and the DD/R are now attempting to delineate responsibilities in the ELINT field. We gave him our Glossary of Operational Terminology and the recent Special Group (C-I) Glossary of Counterinsurgency Terms, hoping that he will derive from one or the other some substantiation for his position - whatever it is.

5. [REDACTED] TRAINING PROBLEM:

25X1A6a

25X1A6a

25X1A6a

25X1A9a

We have now had a follow-up on the proposal to train an [REDACTED] agent [REDACTED] (See p. 2, WAR #17, 2 May) [REDACTED] has indicated that the training can start 9 July [REDACTED] we are told, will be the instructor) and a cable has come in with the usual lead-time (zero hours and 3 minutes) for the furnishing of materials. We are scurry-ing around to compile a pile of our own and CA Staff's output to give to [REDACTED] by tomorrow, complete with CI [REDACTED] releases.

25X1A9a 7. [REDACTED] BACK FROM [REDACTED] (See WAR #14, 11 Apr.,
p. 1, para. B1): 25X1A6a

25X1A9a [REDACTED] called on 6 June to tell me he has prepared
25X1A6a a report of his TDY in [REDACTED] where he undertook to train
25X1A6a ten [REDACTED] assistant instructors. He tells me that his
assignment was most successful: He was able to observe the
instructors' on-the-job performances and he concluded that
they had absorbed a good deal of his instruction. Dave is
currently tied up in a course, but he has promised to see
us again next week and give us a more detailed briefing,
although he thought we would see his report before his visit.
